Experience

ASP Developer at Epic Games (Unreal Engine 5) July 2021 - May 2023

I worked with UE5 using the blueprint system and C++, i was in charge of blueprints and scripts for level sequences.

Game developer at Kyon Soft 2019 - Actuality

Currently working on a game using a modified version of Unreal Engine 5, i currently work on upgrading a custom shader (Kyon ARS) to make it look better and be modular for every single project in the works.
